SYLVESTER QUICK FACTS

Who We Are

At Sylvester Comprehensive Cancer Center, part of the University of Miami Health System and the Miller School of Medicine, we are the only **NCI-designated and academic-based cancer center in South Florida**, enabling more impactful science.

We are South Florida's leader in cancer research and care, specializing in treating the toughest cancers with comprehensive support from diagnosis to survivorship. We offer the only phase 1 clinical trials program in the region and operate 15 site disease groups. With a richly diverse patient base, we drive innovation in treatment and contribute to the development of breakthroughs that benefit all.

Recognized by *U.S. News & World Report* as a High Performing cancer center, we rank among the nation's top 10% in leukemia, lymphoma and myeloma, and in colon, lung, ovarian, prostate and uterine cancer surgeries.
