## SYLVESTER QUICK FACTS

### Who We Are

At Sylvester Comprehensive Cancer Center, part of the University of Miami Health System and the Miller School of Medicine, we are the **only NCI-designated and academic-based cancer center in South Florida**, enabling more impactful science.

We are South Florida's leader in cancer research and care, specializing in treating the toughest cancers with comprehensive support from diagnosis to survivorship. We offer the only academic-based Phase 1 clinical trials program in the region and operate 16 site disease groups. With the unique makeup of the populations we serve, we drive innovation and contribute to the development of breakthroughs that benefit all.

*U.S. News and World Report* has ranked Sylvester among the nation's top 50 for cancer care. Sylvester is also rated as high performing in leukemia, lymphoma and myeloma conditions, as well as surgery for colon, lung and prostate cancers.
