MIGS-travaganza 2020: A New Hope

January 25, 2020

Bascom Palmer Eye Institute invites you to Miami this winter to join us for our *Bascom Palmer MIGS-travaganza 2020: A New Hope* CME program. This unique and exciting **symposium and wet lab** will be held January 25, 2020 at the Bascom Palmer Eye Institute in Miami.

Come see us this winter in Miami!

DATE

Saturday, January 25, 2020: 7:50 am to 4:00 pm

LOCATION

Bascom Palmer Eye Institute
900 NW 17th Street
Miami, Florida 33136

COURSE DESCRIPTION

This one-day course is designed for physicians whose clinical practices include comprehensive ophthalmology and adult glaucoma care. Using an interactive, integrated approach, the distinguished speakers will present a variety of vignettes and practice pearls to illustrate topics in the surgical management of glaucoma with special attention to micro-incisional glaucoma surgery (MIGS) techniques and devices.

The topics will include: How to transition from traditional glaucoma surgery to MIGS, how to evaluate new clinical evidence associated with new surgical techniques, and how to deal with MIGS complications.

COURSE OBJECTIVES

Upon completion of this program, participants should be able to:

- Evaluate medical evidence methodically by an increased familiarity with recent notable publications
- Evaluate the pros and cons of different MIGS
- Appraise when and how to perform various techniques for angle based surgery in glaucoma
- Incorporate new intraoperative devices to assist in glaucoma surgery

Program

Subject to change

SATURDAY, JANUARY 25, 2020
