NOTE: ANY schedule changes involving ALL Ophthalmology rotations must be authorized by Isabel Perez (see above for contact information) before your schedule can be officially changed.

Goals/Objectives:

- To provide medical students the opportunity to shadow residents and attendings in the clinic and emergency room setting, and thereby become familiar with instrumentation utilized in standard eye examinations.
- To provide medical students the opportunity to watch ophthalmic surgery (cataract surgery, glaucoma surgery, retinal surgery) to provide initial exposure to microsurgical techniques.

Prerequisite:

- None

Course Design:

- Students will spend 50% of their time in the ophthalmology clinic (clinic 4 at the VA eye clinic) and 50% of their time observing ophthalmic surgery (both at the VA and at Bascom Palmer) In addition, students will have the opportunity to shadow residents in the Bascom Palmer ER.

Participating Faculty:

- Students will be exposed to a variety of faculty members and resident's during their rotation

Expectations:

- Students are expected to attend clinics and observe ophthalmic operations in the OR.
- Students are expected to attend grand rounds.
- Students are expected to give one presentation to Dr. Galor.

Student Evaluation and Grading:

- Students will be evaluated (pass/fail) by their attendance and participation in the clinical setting.
